### BEST FRIENDS CAN'T BE BEAT

By Birdie

My two best friends, Warren and Jacob, are the nicest people you will ever meet! Warren is 10 and Jacob is 12. You might ask why they are my best friends. They are my best friends because they are funny, sweet and friendly.

### MY DAD'S SHOULDER

By Gisselle

One day, Jennifer, Michelle, and my father was working and hitting nails into wood when somehow he hurt his right shoulder. He told his boss everything so he let him off work.

He had to drive back to the house where he told everything to our Mom. She put Icy-Hot on it and made a sling for him, too, to make him feel better. He had to stay like that for a while until he had to go to the hospital. They couldn't find very much information. He stopped at CVS for pills to help the pain in his shoulder. He also went over to Mrs. Key's and she suggested other pills for his pain which also made him feel better.

### SCIENCE MAN

By Miss Judy

Often when I walk into the Michelle, Gisselle and Jennifer's back yard to start children's classes, Michael is busy collecting and studying wild life. He has an eye for insects, spiders,

worms and other living things. He likes to make homes for them in boxes and jars so that he can see them up close and study their habits. He has everyone else interested in doing it too!

We have been looking for a 'Science Reporter' for Neighbor News and hope that Michael will give us an article from time to time.

### MICHAEL'S VACATION

By Michelle

In April, Michael went to New Mexico for 2 weeks. He slept at his grandparents' house. He also went to an aquarium and a zoo. But his favorite part was hanging around with his friends.
